

Heartwarming Aloha for Hawaii's Classrooms Clip to Shop Program

Diamond Bakery and Education Works are teaming up to deliver heartwarming aloha to Hawaii's classrooms!

In response to constricted school budgets during the economic downturn, Diamond Bakery is partnering with Education Works to create the CLIP TO SHOP program. We believe that education is vitally important to our children and communities - That's why we created this program to help teachers and students to earn the supplies they need for their school and classroom.

Its simple!

- Purchase and enjoy the ono-licious and heartwarming contents of **any** packages of Diamond Bakery's crackers and cookies.
- Clip out the UPC code on the bottom of eligible products and turn them into your favorite school or school-based organization.
- Schools collect clipped UPC codes and redeem them for coupons for merchandise at Education Works.
- **For each batch of 50 UPC codes, schools will receive a coupon for the purchase of \$5.00 in educational materials at Education Works!**
- Please see Program Details.
